MEMORANDUM FOR: Project Contracting Officer

SUBJECT : Memorandum for the Record Concerning the
Hycon Corporation

Herewith is a memorandum prepared by the General Counsel concerning the propriety of our follow-on contract with the Hycon Corporation which was executed after [REDACTED] return to that company from the Department of Air Force. This paper, which reviews the circumstances and supports the action, is self-explanatory. I have indicated my concurrence and I also agree with Mr. Houston's covering note that this should be made a part of the AQUATONE files. I would appreciate it if you would see that it is filed with the Hycon contracts.
